**VII. Adjournment**

**LIBERTY HISTORIC DISTRICT REVIEW COMMISSION**  
**Meeting Summary**  
**Council Chambers, City Hall**  
**November 6, 2018**  
**5:30 p.m.**

**I. Call to Order**

Vice Chairman Carr called the meeting to order at 5:32 p.m.

**II. Roll Call**

John Carr, Vern Drottz, Dail Hobbs, Clay Lozier and Doug Wilson answered roll call. Matt Grundy, Mike Gilmore, Brett Rinker and Kelley Wrenn-Pozel were absent.

Aimee Grey and Brandi Atwell were present as the applicants. Jeanine Thill, Community Development Manager represented staff.

Motion by Commissioner Lozier to accept the October 22, 2018 meeting minutes as corrected. The motion was seconded by Commissioner Hobbs. Motion passed.

**HDRC Case #18-003LS Consideration for a Certificate of Appropriateness for exterior alterations and repairs at 110 N Main St., Liberty Square Historic District**

Commissioner Drottz asked for clarification on the balusters on the back stairs. The applicant said they will have 2X2 balusters, similar to what is there. Vice Chairman Carr asked about the horizontal panels on the proposed front door, commenting it is a bit unusual for that vintage and conflicts with the vertical lines. The applicant said the contrast is intentional, adding they plan to stain the door.

Vice Chairman Carr added that the only other trim they might want to consider would be spires at the tips of the gables.

Staff asked for clarification on the work being proposed for the windows. The applicant said it will all be like in-kind repairs by Jim Sneed.

Commissioner Lozier made a motion to approve the application as presented because it meets the design guidelines. The motion was seconded by Commissioner Wilson. The motion passed 5-0-0.

**Other Business**

Administrative Approvals since the October 2, 2018 meeting:  
427 E. Mississippi fence  
4 N. Main Sign  
483 E Kanas In-kind repairs

Miscellaneous matters from the Commission:

Vice Chairman Carr commented that the new Aramjoo house on Terrace is nearly complete. It is quite large and the driveway is very large.

Commissioner Carr is willing to host a window workshop for commissioners that haven't met their state training requirements. The workshop is tentatively planned for next Tuesday Nov. 13<sup>th</sup> at 5:30. Location to be determined.

Miscellaneous matters from Staff: None

The meeting adjourned at 5:52

**HDRC Case No. 19-001D**

**Staff: Jeanine Thill, Community Development Manager**

**HDRC Meeting Date: January 15, 2019**

**GENERAL INFORMATION**

Application: Certificate of Appropriateness for the replacement of windows and roof on back porch addition

Applicant: John Pence Construction Co. LLC

Location: 232 W Franklin

District: Dougherty Historic District

NRHP Status/category: Non-Contributing

File Date: January 4, 2019

**SPECIFIC INFORMATION**

**SITE HISTORY**

This colonial revival ranch was built in 1952. This multi-colored brick ranch has a small entry porch inset under the main portion of the gable roof with square column. The windows are 6/6, double hung sash. There are two gable front dormers with clapboarding and an interior fireplace. According to the survey completed in 1987 it is a non-contributing, non-historic house which nonetheless matches in material and set back, although not in scale and mass, with the other houses on the block.

**PROPOSAL DESCRIPTION**

The applicant proposes to replace the existing double hung windows in the rear covered porch with Anderson E – Series aluminum clad double hung wood windows, with no divided lights. The existing porch windows are window sashes and sash springs only with no window frame or jam. The owner wishes to make this living space. All exterior trim will be custom milled to match existing window trim. The applicant is also proposing to replace the roof on the porch with a 29 gauge standing seam metal roof with a 3 to 12 pitch. The color will complement the roof of the home.

**ANALYSIS**

**Unified Development Ordinance (“UDO”)** - The Unified Development Ordinance outlines design principles that have been adopted for all historic districts and landmarks in the City of Liberty.

**Design Guidelines (“DG”) - Design Guidelines were established to give the HDRC general guidance in making subjective preservation choices in accordance with accepted best practices and the Secretary of the Interior standards for historic preservation.**

**DG: Sec. 30-72. District HP, design principles.**

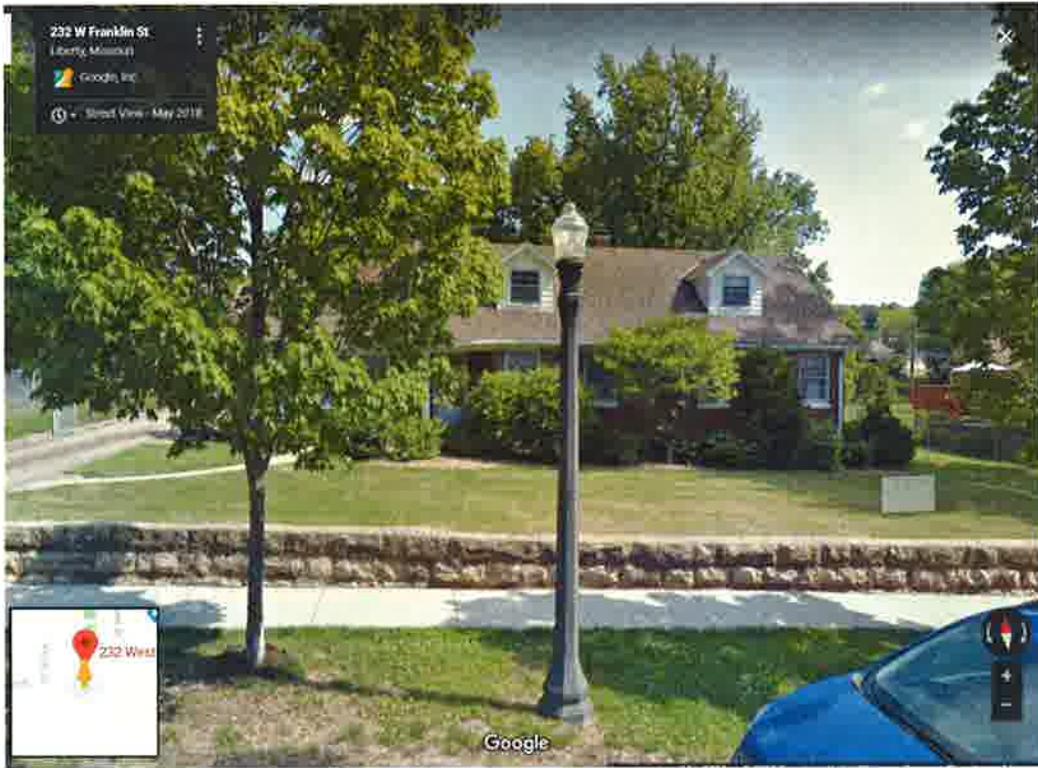

<p>7. <u>Doors and windows</u>: Original doors and windows shall not be replaced unless there is substantial evidence that they are no longer serviceable or cannot be restored. Restoration of original entryways that may have been covered, altered, or removed over time is encouraged. Replacement doors and windows that imitate an earlier inappropriate style are discouraged. In general, existing openings shall not be covered or relocated. If additional entryways or service doors become necessary, they shall be located and designed in a sensitive manner. If it is necessary to expand original openings, it shall be accomplished in a manner that respects and complements the surrounding building elements, materials, and colors. On secondary elevations, the windows shall duplicate the original in size, material, general muntin and mullion detailing and glass quality.</p>	<p>Staff Analysis It would be appropriate to replace the windows on the rear porch. Custom trim work will be wood and will replicate that of the home, respecting the surrounding building elements and materials.</p>
<p>UDO: Sec. 30-72. District HP, design principles. 9. <u>Roofs</u>: Rooflines and shapes shall not be altered. Visible roofing materials shall be compatible with other building elements and materials in terms of color, materials, and texture. The use of roofing materials that reflect an earlier or later style or period is discouraged. Corrugated metal roofs are not appropriate for primary structures.</p>	<p>Staff Analysis The metal roof is not appropriate for the historic district as it does not complement the materials and texture of the primary structure.</p>
<p>DG: Quality composition shingles are the most widely used roofing material in Liberty. Corrugated metal roofs are not appropriate for primary structures.</p>	<p>The Design Guidelines specifically state that a metal roof is not appropriate.</p>

### STAFF RECOMMENDATION

The application meets the standards for review and guidelines for the window replacement, however it does not meet the guidelines for the proposed metal roof; therefore staff recommends approval of the proposed windows and denial of the meal roof for HDRC case #19-001D.

GENERAL NOTES

1. This product has been evaluated and is in compliance with the 5th Edition (2014) Florida Building Code (FBC) structural requirements excluding the "High Velocity Hurricane Zone" (HVHZ).
2. Product anchors shall be as listed and spaced as shown on details. Anchor embedment to base material shall be beyond wall dressing or stucco.
3. When used in areas requiring wind borne debris protection this product is required to be protected with an impact resistant covering that complies with Section 1609.1.2 of the FBC.
4. For 2x stud framing construction, anchoring of these units shall be the same as that shown for 2x brick masonry construction.
5. Site conditions that deviate from the details of this drawing require further engineering analysis by a licensed engineer or registered architect.

**E-SERIES**  
WINDOWS • DOORS  
EAGLE

The Andersen® Architectural Collection is an industry-leading, innovative approach to windows and doors that's based not on the type of window or door, but rather on the style of home you're creating. Whether you want to push a defined style to its limits or design a style all your own, E-Series/Eagle® windows and doors from the Architectural Collection bring that vision to life.

## Unlimited Possibilities.

With E-Series/Eagle windows and doors, the home you've always imagined can be more than a dream. More than a vision. It can be a reality.

### DURABLE

- Made with heavy-gauge, extruded aluminum-clad wood sash and frame
- Thick cladding offers greater structural capabilities than thinner, roll-form aluminum
- Baked-on, silicone polyester enamel exteriors offer virtually maintenance-free performance and durability

### ENERGY-EFFICIENT

- Most E-Series/Eagle windows and doors meet ENERGY STAR® Version 5.0 performance criteria
- Choose from a variety of glass options including SmartSun™ glass, triple insulated glass, i81 glass coating options and more

### BEAUTIFUL

- Choose from 50 exterior colors at no additional charge, select one of our anodized finishes or create a custom color
- Select from a variety of wood species and interior finishes
- Choose from a variety of hardware, divided light and decorative glass options, and more

To learn more, go to [eaglewindow.com](http://eaglewindow.com).

**Andersen.**

### WINDOW & DOOR TYPES

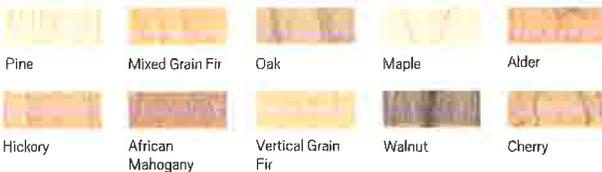

- Eagle® Axiom® 11 casement windows
- Eagle Axiom French casement windows
- Eagle Axiom 11 awning windows 
- Push out casement and awning windows
- Talon® double-hung windows
- Talon Retrofit double-hung windows
- Double-hung replacement sash kits
- Bow and bay windows
- Slide-by windows
- Auxiliary windows
- Ascent® hinged doors
- Ascent sliding doors
- Andersen® entranceways

### OPTIONS & ACCESSORIES

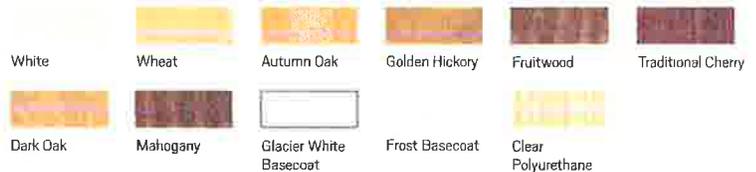

- Energy-efficient and decorative glass options
- HarborMaster® systems for coastal applications
- Variety of divided light styles and sizes
- Blinds or shades between the glass
- Beautiful hardware
- Exterior trim options
- VeriLock™ integrated security sensors

### INTERIOR OPTIONS

#### Wood Species

#### Interior Finishes

Printing limitations prevent exact color duplication. See your local supplier for actual color samples. Naturally occurring variations in grain, color and texture of wood make each window one of a kind.

Historic District Review Commission

The City of

**HDRC Case No. 19-001PH**

**Staff: Jeanine Thill, Community Development Manager**

**HDRC Meeting Date: January 15, 2019**

**GENERAL INFORMATION**

Application: Certificate of Appropriateness for a temporary wood walkway in rear yard  
Applicant: Kevin & Karen Riordan  
Location: 134 S. Terrace Ave.  
District: Prospect Heights Historic District  
NRHP Status/category: Contributing  
File Date: January 11, 2019

**SPECIFIC INFORMATION**

**SITE HISTORY**

A vernacular example of the Craftsman style, the hip roof has wide, overhanging, unenclosed eaves. The porch has a lower hip roof with simple square columns and frieze. The windows vary in size and treatment. There is a shed roof dormer on the left side, and a small hip-roof dormer on the front.

**PROPOSAL DESCRIPTION**

The applicant proposes to build a raised boardwalk from the deck to the stone steps. The existing stone path will not be removed but covered by the boardwalk. The walk will be constructed of 2X6 and 5/4 X 6 treated lumber. It will be 19 feet long X 4 feet wide.

**ANALYSIS**

**Unified Development Ordinance ("UDO")** - The Unified Development Ordinance outlines design principles that have been adopted for all historic districts and landmarks in the City of Liberty.

**Design Guidelines ("DG")** - Design Guidelines were established to give the HDRC general guidance in making subjective preservation choices in accordance with accepted best practices and the Secretary of the Interior standards for historic preservation.

**DG: Sec. 30-72. District HP, design principles.**

**Staff Analysis**

**12. Walkways, Driveways & Parking Areas:** Parking lots, driveways and other spaces between and around buildings shall be designed and maintained in a manner that does not detract from neighboring buildings and facades. The creation of new parking lots, driveways and parking pads shall be done in a way to minimize their appearance and to complement the buildings they serve and the surrounding neighborhood.

The temporary walkway will be constructed of compatible and complimentary materials and is appropriate.

**PREVIOUS CASES / ADDITIONAL INFORMATION**

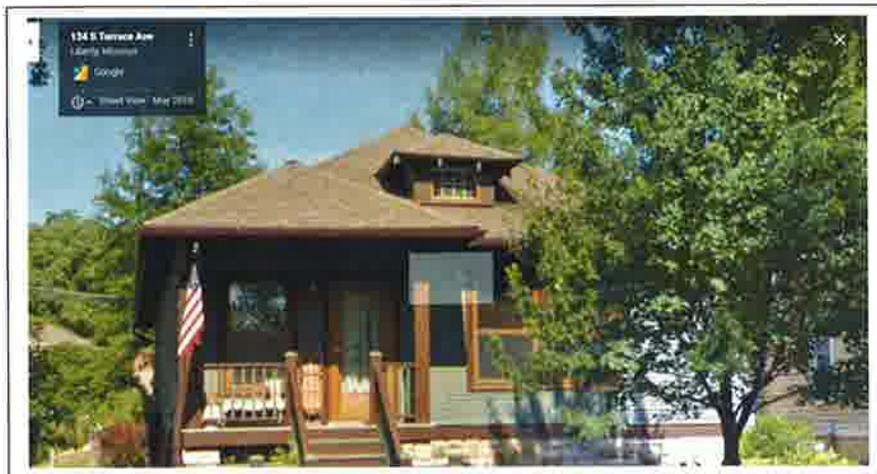

The proposed temporary walkway will be installed over the existing stone walkway in order to allow for use of a walker, allowing for access to the back of the home.

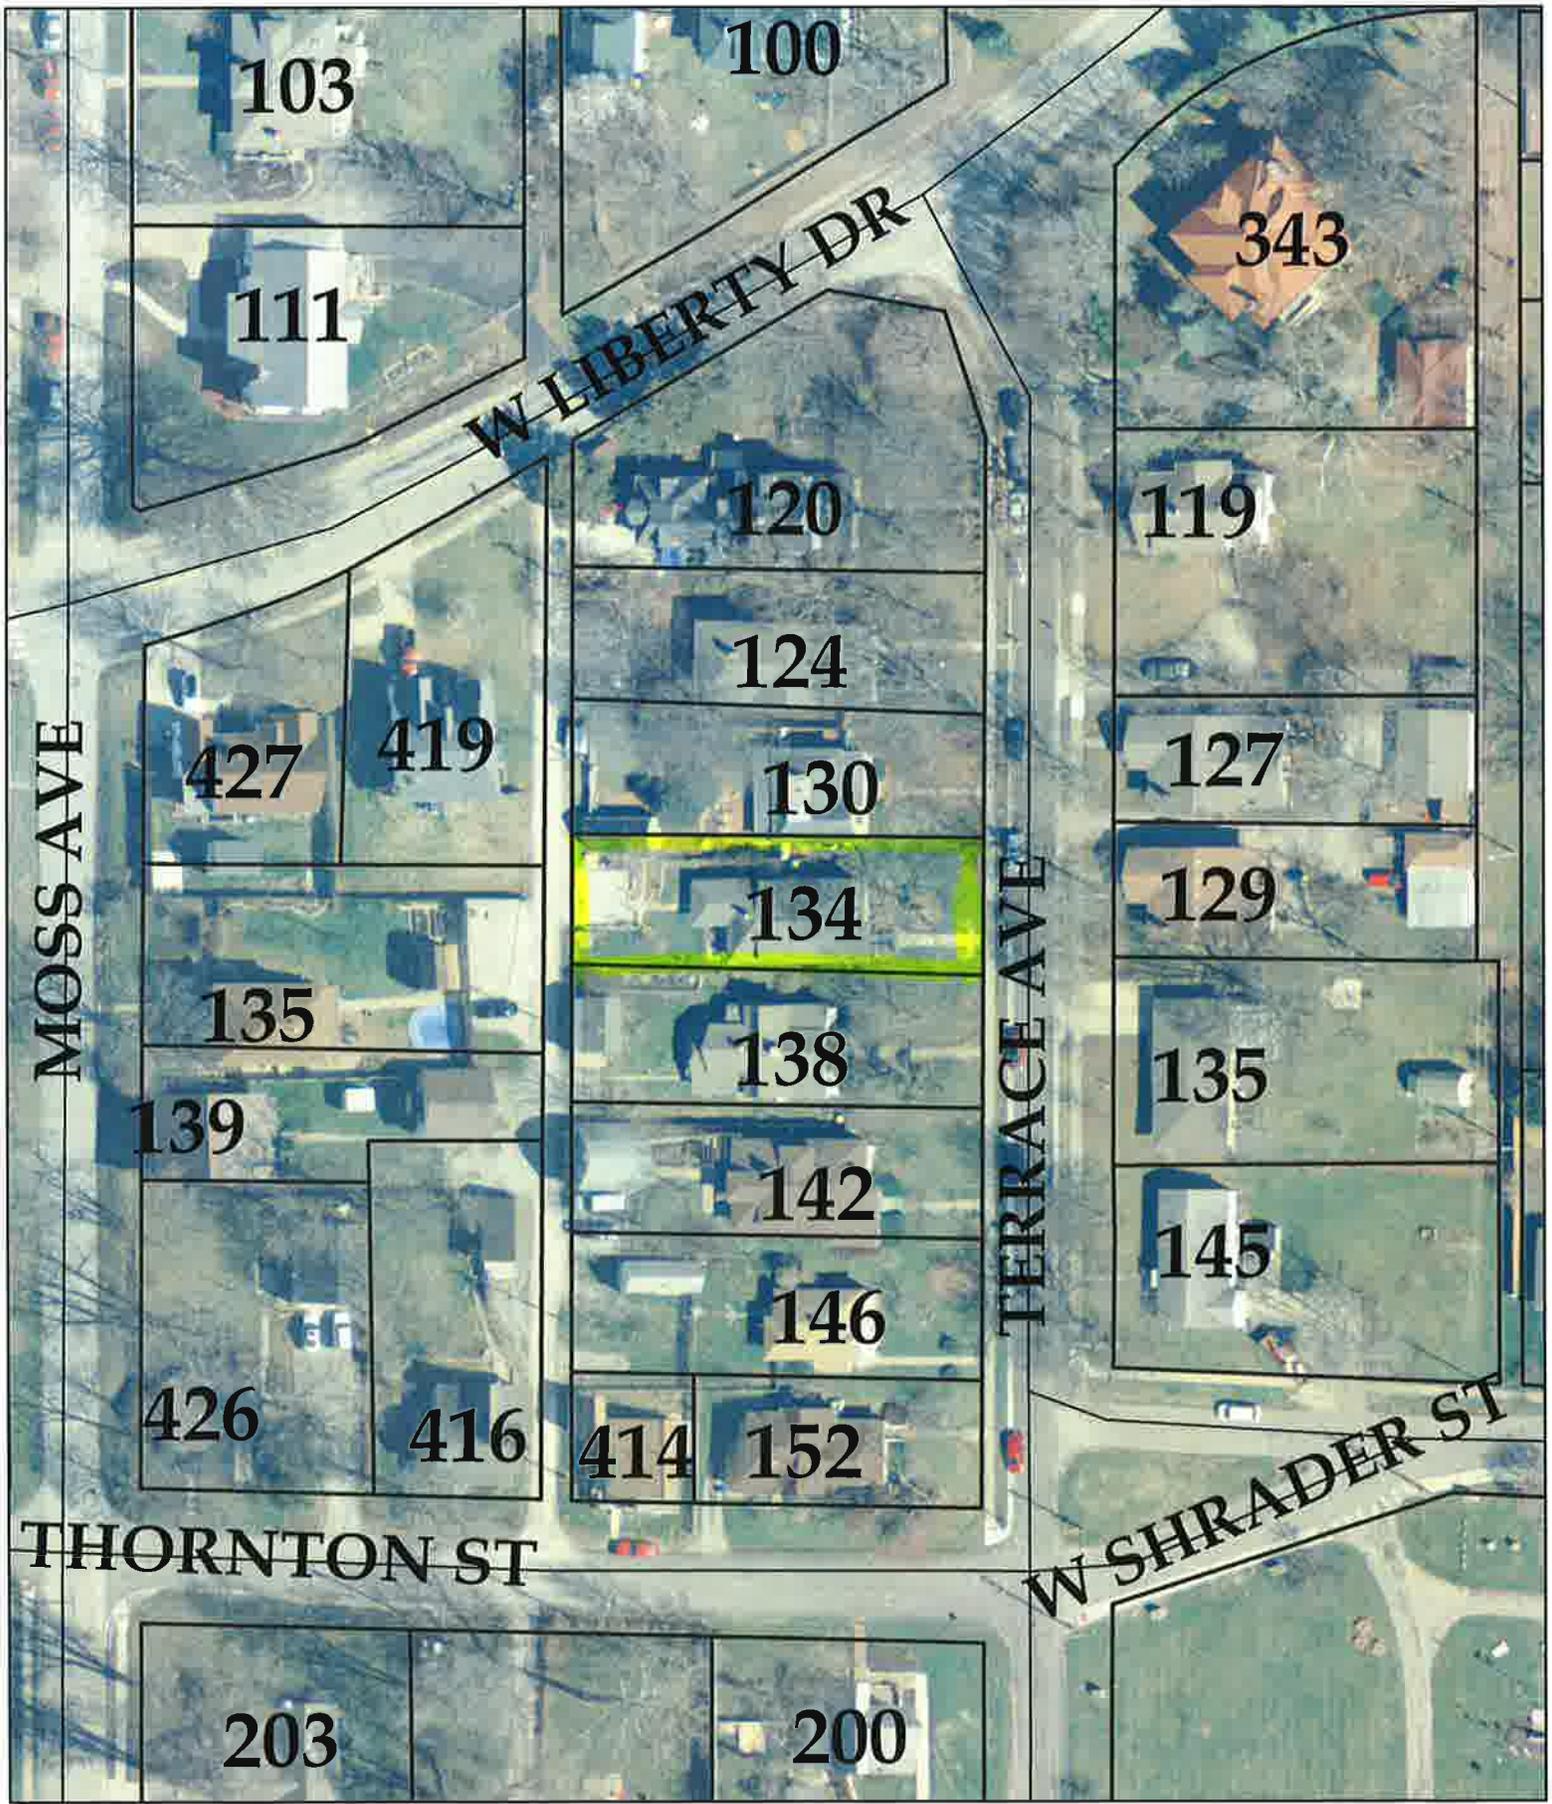

**STAFF RECOMMENDATION**

The application meets the standards for review and guidelines; therefore staff recommends approval of HDRC case #19-001PH.
