Free Wood Window Repair Workshop

LIBERTY, Mo. – Do you feel stuck with your drafty old wood windows? Would you like to have beautiful, functional windows without investing a small fortune in replacement windows?

The City of Liberty Preservation Office will host a wood window repair workshop, 10 a.m., on Saturday, April 27. Old house expert John Carr will demonstrate how to repair wood windows at this free hands-on seminar. Demonstrations will include how to remove the sashes to repair ropes and weights, replace broken glass, re-glazing, and how to properly install weather-stripping.

The workshop will be held at a private home in Liberty. This event is free and open to the public, but space is limited to 10 participants, so please R.S.V.P. to jthill@libertymo.gov or call 439-4537 by April 19. Please be sure to leave your contact information so we can provide participants with the location of the workshop.

For more information on the workshop, call 439-4537.
